The DAISY Foundation

The not-for-profit DAISY Foundation is based in Glen Ellen, CA and was established by family members in memory of J. Patrick Barnes. Patrick died at the age of 33 in late 1999 from complications of Idiopathic Thrombocytopenic Purpura (ITP), a little known but not uncommon auto-immune disease.

The care Patrick and his family received from nurses while he was ill inspired this unique means of thanking nurses for making a profound difference in the lives of their patients and patient families.

Nurses may be nominated by patients, families and colleagues, and they are chosen by a committee of nurses at Tomah Health to receive The DAISY Award.

The Mission:
"In deep appreciation of all you do, who you are, and the incredibly meaningful difference you make in the lives of so many people."
